

Hope View School

Behaviour and Discipline Policy

Introduction

Hope View School promotes preparation for responsible adulthood and has:

- A clear philosophy and explicit principles based on commonly-held values of personal development and progress, care for the individual, self-esteem and respect for others;
- A well organised, secure environment, conducive to learning healthy moral and social development
- A curriculum where high personal achievement is a priority
- A smart uniform for all pupils

This policy is intended to enable pupils, staff and parents/carers to have a clear understanding of all issues relating to behaviour and discipline. It is hoped that this will enable the school to promote among pupils self discipline and proper regard for the school's authority while at the same time encouraging good behaviour and respect for others.

Pupils' Behaviour

At Hope View School, pupils are expected to be pleasant and responsible members of the school community who come to school in a positive, motivated frame of mind, ready and equipped to learn. There is a clear "Code for Pupil Behaviour." The school has high expectations of all pupils in terms of their behaviour and work.

The following extract is from the "Code for Pupil Behaviour":

The most important rule for all pupils is that you act with kindness, thoughtfulness, consideration, courtesy and politeness to each other and to staff and visitors.

Other expectations are that:

You always try to understand other people's point of view:

- This means that everyone has the right to expect to be treated reasonably by others, with fairness, tolerance, respect and understanding. Examples of unreasonable behaviour which should be avoided include making unkind comments, giving unpleasant looks, making threats or pushing other pupils.
- You make it as easy as possible in class for everyone to learn and for the teacher to teach.

This means:

- Arriving on time

- Bringing with you the things you need for your work
- Listening carefully and not interrupting
- Following instructions
- Being quiet and sensible
- Always doing as asked by a member of staff without arguing and accepting teachers' judgements
- Completing class work and homework conscientiously
- You move quietly, calmly and safely about the school not running, pushing, shouting or whistling.

You keep the school clean and tidy, so that it is a welcoming place we can all be proud of.

This means:

- Putting litter in bins
- Keeping walls and furniture clean and unmarked
- Taking great care of displays of other people's work
- Not eating or drinking in corridors or classrooms or between lessons

You maintain a high standard of behaviour and appearance wherever you are in school or representing the school.

This means:

- Wearing your proper uniform as required
- Behaving sensibly during lessons and at breaks and lunchtimes
- Setting good standards of behaviour on the way to and home from school
- Behaving sensibly on visits

Code of Acceptable Behaviour

The Code for Pupil Behaviour summarises the school's expectations of pupils. At the same time, it recognises that all staff are important role models for pupils to follow in terms of good manners, courtesy and social behaviour.

The following is the Code of Acceptable Behaviour

Sanctions

It is hoped that staff and parents/carers of Hope View pupils will work together for the total academic and social education of the child. This involves adherence to the rules of the school and society. Pupils who fail to conform will, unfortunately, need to be sanctioned in line with the school's Rewards and Sanctions Policy.

Rewards

Hope View School has high expectations of its pupils, all of whom should try hard to value their own achievements both in and out of the classroom. To encourage them a reward system operates throughout the school. Full details of which can be found in the school's Rewards and Sanctions Policy.

Equality and Diversity

Hope View School is committed to equality of opportunity for all pupils and staff in which people treat each other with mutual respect, regardless of: age, disability, family responsibility, marital status, race, colour, ethnicity, nationality, religion or belief, gender, gender identity, transgender, sexual orientation, trade union activity or unrelated criminal convictions. We strive to educate, promote and celebrate the wider diversity of society within our school community.
