The communication is excellent and I feel the staff really understand and care about my son. This in turn has made my son so much more confident and proud in his achievements. I feel they care not just about his daily wellbeing but also how he goes forward in life after his education with them ends.</i> • <i>Our son is in his final year with Hope View. We still remember the first meetings at the school, and his settling sessions. Like many boys, our son was a shell of a boy, both academically and emotionally when he joined Hope View. Over the years he has been at Hope View, we have seen him flourish. Academically he can shortly commence his GCSE exams, emotionally and socially he had developed into a confident, independent young man. The staff at Hope View have worked with us as a partnership which has inspired confidence, consistency and transparency .The quality of teaching, support, care and school ethos not only provides emphasis on academic results but in much more which enables boys to grow in confidence and develop into capable and happy young men. The school provides a safe environment where our son has built lasting relationships with his teachers and staff at Hope View. This has enabled him to feel a valued member of the school. We will always be grateful to all at Hope View and will miss them when our son moves on this year. Thank you for everything</i> • <i>Excellent school that have managed a very difficult Looked After Child very, very well</i> • <i>Since I. joined the school he has progressed in many ways, communication is excellent and any concerns that we have are listened to and responded to quickly . We are very happy with the school and the care and support you give to both I. and ourselves</i> • <i>A couple of boys in R's class quite regularly disrupt his learning</i> • <i>I think there is some disruption in class by behaviour, long taxi drive and some of it is caused by my boy, but the school are very good to notice this and will tale him out of the situation and try to get to the bottom, of it by talking to him one to one.</i>
